

## ROOMS FILTER

### You will learn:

1. How to quickly find a particular room on the calendar

### 1. How does rooms filter work?

Rooms filter field is located in the central part of the calendar`s toolbar. Whatever numeral value will be typed in this field, KWHotel will search for a room that meets the criteria.

### **Pay attention:**

*At least two characters must be typed before the search engine starts working.*

### CASE STUDY
